THE BENGHAZI HOAX

Createspace, United States, 2013. Paperback. Book Condition: New. 208 x 132 mm. Language: English . Brand New Book ***** Print on Demand *****.The events that took place in Benghazi, Libya on September 11, 2012, were an American tragedy that ended in the deaths of Ambassador Chris Stevens, Information Officer Sean Smith and former Navy SEALs Glen Doherty and Tyrone Woods. No one could have imagined at the start of that evening how quickly the Republican right would politicize the murder of four Americans. Or how the most basic facts would be twisted, confused, and even invented out of thin air to manufacture false charges - first to suggest that President Obama, then seeking re-election, was disengaged, feckless, or even sympathetic to terror, and then, when that faltered, to tarnish the reputation of Hillary Clinton as she mulled a 2016 presidential bid. The Benghazi Hoax tells in intimate detail the story of the deception created by those who fill airtime with savage punditry and pseudo-journalism and how the Republicans in charge of the investigative committees were empowered but ultimately failed to find a scandal - any kind of scandal - to tar a Democratic White House. This book is a must read for anyone interested in how the...
