Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a book about every country in the world, most of the information are fun facts and trivia or just simple information. This is not an encyclopedia and it includes a variety of facts about each country. Depending on the facts that could be found and are considered interesting, some countries have such a love for football/soccer, which I could not write about Uruguay without writing about the FIFA World Cup in 1950. The compilation of facts and trivia was made after research, checking and finding what would interest most people. This is not an useful book about about every country in the world, this is intended to be a funny and informative trivia about all countries in the world, that will make you look a person with so much knowledge that you will impress everyone. Imagine yourself after reading this book, and saying Did you know there is an Air Force that has a logo with a flightless bird? The logo of the Royal New Zealand Air Force is the kiwi, a flightless bird. This will show everyone how cool you are about knowing such thing, or how nerd you are since you know a logo of the Air Force of a distant country. This is not only to show knowledge, this is also about the fun of knowing. Did you know that the most popular TV show in Senegal is a sheep beauty contest, Khar Bii, a reality television show consisting of a search for Senegal s most beautiful ram. I bet that this is news to you, unless you are into weird things.
