

Avicennas Medicine: A New Translation of the 11th-Century Canon with Practical Applications for Integrative Health Care

By Marc S. Micozzi M.D. Ph.D.

Healing Arts Press. Hardcover. Book Condition: New. Hardcover. 448 pages. The first contemporary translation of the 1,000-year-old text at the foundation of modern medicine and biology. Presents the actual words of Avicenna translated directly from the original Arabic, removing the inaccuracies and errors of most translators. Explains current medical interpretations and ways to apply Avicennas concepts today, particularly for individualized medicine. Reveals how Avicennas understanding of the humors corresponds directly with the biomedical classes known today as proteins, lipids, and organic acids. A millennium after his life, Avicenna remains one of the most highly regarded physicians of all time. His Canon of Medicine, also known as the Qanun, is one of the most famous and influential books in the history of medicine, forming the basis for our modern understanding of human health and disease. It focused not simply on the treatment of symptoms, but on finding the cause of illness through humoral diagnosis, a method still used in traditional Unani and Ayurvedic medicines in India. Originally written in Arabic, Avicennas Canon was long ago translated into Latin, Persian, and Urdu, yet many of the inaccuracies from those first translations linger in current English translations. Translated directly from the original Arabic,...
