## SUPER SIGHT WORD SEARCH, GRADE K

Creative Teaching Press, United States, 2012. Paperback. Book Condition: New. 224 x 165 mm. Language: English . Brand New Book. Sight words are those words that readers should instantly recognize. They are among a group of high frequency words that compose 75 of the words that children encounter in text and use in their own writing on a daily basis. Many of these sight words do not follow standard phonics rules or spelling patterns, which makes them difficult for early readers to recognize and sound out. The word searches in this book will provide your child with repeated exposure to grade-level-appropriate sight words and vocabulary. Research shows that repetition is essential for the brain to learn and recall information. Automatic recognition of these words helps develop reading fluency and build a strong foundation in reading comprehension, an important skill for academic success. In addition, solving word search puzzles provides fun spelling practice. Upon your child's completion of each activity, use the provided incentive chart and stickers to track progress and celebrate your child's success.
