English . Brand New Book. One of the best storytellers who ever

lived. --Arthur C. Clarke In one dazzling decade, French novelist

Jules Verne took readers places they d never gone before. . .the

age of dinosaurs. . .the undersea realm of Atlantis. . .the craters

and crevices of the moon. . .and a whirlwind aerial tour of the

planet earth! Though he penned his unforgettable yarns in

French, Verne plunked big parts of them down in America. And

he himself possessed an American sassiness, nerve, and sense of

humor, so Americans have returned the compliment: we ve

released dozens of Hollywood films based on his astonishing

tales, and we ve created the U.S.S. Nautilus, the NASA space

missions, and other technological triumphs that have turned

Verne s visions into practical reality. Here are Jules Verne s best-

loved novels in one convenient omnibus volume, but with a huge

difference. This book features new, accurate, accessible, and

unabridged translations of these five visionary classics,

translations that are complete down to the smallest substantive

detail, that showcase Verne s farseeing science with

unprecedented clarity...
