This concise guide by a leading New Testament scholar helps readers understand how to better study the multitude of Old Testament references in the New Testament. G. K. Beale, coeditor of the bestselling *Commentary on the New Testament Use of the Old Testament*, focuses on the how to of interpreting the New Testament use of the Old Testament, providing students and pastors with many of the insights and categories necessary for them to do their own exegesis. Brief enough to be accessible yet thorough enough to be useful, this handbook will be a trusted guide for all students of the Bible. This handbook provides readers with a wonderful overview of key issues in and tools for the study of the use of the Old Testament in the New.
