Date :2009-8-1. Test the proposition in general should be adapted to three benefits: that is conducive to promoting quality education. compulsory education is conducive to reflect the nature. conducive to high school Curriculum reform. students innovative spirit and practical ability to reduce the academic burden on students to too heavy. and promote student learning and lively. This is the general direction of reform in the examination. In response to this reform. the teaching in secondary schools. especially in the middle of exam review. to reflect the Jing Jiang. concise. precise assessment of three fine principle. The only way to be teachers. students from the heavy teaching to the test. the mechanical problem-solving training freed. Jing Jiang is actually a student of knowledge from the thick thinning process. which is a prerequisite to obtain good results; concise is the use of explicit knowledge of the process. it is guaranteed to get good grades; refined assessment is the knowledge points extraction refining process. it is critical to achieve good results. Shows how to...
