A practical, step-by-step guide, written from firsthand experience, Classroom DIY will enable any primary teacher to make a spectacular job of setting up their room using any materials they have available. Guiding teachers through the process of setting up their space from planning to practice, this book includes advice on: * laying out the room: what furniture to use and where best to position it * organising areas for specific subjects, including maths, literacy, science and humanities * how to create an inspiring classroom on a budget: recycling items for use in the classroom and the homemade approach * how the learning environment can inspire and motivate pupils to learn, taking into account multiple intelligences and routines * meeting the expectations of senior management teams.
