On the lignite formation of Bovey Tracey, Devonshire

By William Pengelly

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 32 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1863 edition. Excerpt: . . . Unger, Fossile Flora von Sotzka, p. 39, pl. 20. figs. 7-10. Heer, Flora Tertiaria Helvetia, ii. p. 100, pl. 98. figs. 1-13, plate 99. figs. 4-8. Only fragmentary leaves have been found at Bovey (in the 17th bed), but they cannot be mistaken, since they have the characteristic nervation of this species. In one piece (which in fig. 12 a lies upon the slab with the apex pointing downwards) part of the margin is still complete, and shows the sharply indented teeth which Dr. hakeaefolia commonly has. In the same leaf the nervation is pretty well preserved. The secondary nerves are very delicate, and project but very little beyond the other reticulation. To the naked eye, or when but slightly magnified, the leaf appears dotted, owing to the distinctly projecting small arches which form the reticulation. 23. Drtandroides Levigata. (Plate XIV. figs. 9, 10 and...

Reviews

This publication is definitely not effortless to get going on reading but very fun to learn. It really is written in simple terms rather than difficult to understand. It's been printed in an extremely simple way and it is merely right after I finished reading through this pdf by which basically changed me, alter the way in my opinion.

-- **Scotty Paucek**

This pdf is really gripping and intriguing. It typically is not going to charge excessive. It's been printed in an exceptionally easy way and it is simply right after I finished reading this ebook where basically altered me, modify the way I believe.
